

Fall Prevention Trophy

Sponsored by Berkeley Homes

Entrants will be required to:

- Register for and complete one of the following main RoSPA Award entry categories listed below, which in turn allow.
 - [Achievement Award](#)
 - [Industry Sector Award](#)
- Complete a mandatory question within the question set, relating to their organisation's approach to the management of slips, trips and falls (including falls from height) in the workplace.
- To be eligible for consideration for the Fall Prevention Trophy, your entry must be submitted ahead of the January 24, 2024 competitive entry deadline.
- The primary reference period for this award will be the 2023 calendar year.

Category overview:

Fall prevention is a current key campaign for RoSPA, as the single largest cause of not just major workplace injuries, but also accidental injury in the home.

The Fall Prevention Trophy seeks to draw on best practice and showcase innovation around fall prevention, both by selecting a high-performer as the overall trophy winner, and also sharing advice and learning on the subject with the wider awards community as part of the selection process.

This learning and showcasing of best practice will take the form of a special Webinar – due to take place in April, at which those organisations shortlisted for the trophy will share their ideas, ahead of an interactive vote, which will input into the selection of the overall trophy winner.

How the entries are judged

- Assessors will first review entrants responses to the mandatory response theme (found on screen 6), that addresses the subject of how slips, trips and falls are managed.
- A shortlist of potential trophy winners is then produced and reviewed by RoSPA's judging team.

Please note: This guide only provides an overview of the entry criteria for this category. It is not intended as a reference for preparing your submission. Registered entrants receive comprehensive guidance notes via the online entry system.

- Shortlisted entrants will be invited to present their approach to the management of falls at a webinar in April.
- Webinar attendees will then vote for their favourite shortlisted entrant, to aid in the selection of the trophy winner.

The resulting award is a single trophy for one overall winner in the category.
