

# Advanced Driving and Riding course

## ► Course objectives

The course aims to give delegates knowledge and understanding of advanced and defensive driving/riding in preparation for the advanced test.

On completion delegates should:

- Reduce accident risk and exposure to vehicle damage
- Understand and minimise the general and specific local causes of accidents
- Appreciate how human factors affect performance
- Understand the need for a systems-approach to vehicle checks
- Improve observations and awareness of potential risk on the road
- Develop a systematic and defensive approach to hazard management and risk reduction in preparation for the RoSPA Advanced Test

## ► Who should attend?

All drivers/riders including business and professional whose role or specific task exposes them to a higher than average risk, and those who wish to develop their skills in preparation for RoSPA's Advanced Test.

Also appropriate for immediate response drivers in the private or public sector.

## ► Additional information

A thorough knowledge of Roadcraft and the latest edition of the Highway Code is expected.

The course runs on a 3:1 delegate to trainer ratio, and is available in any vehicle type.

**Call** +44 (0)121 248 2233

**Email** [fleetsolutions@rospa.com](mailto:fleetsolutions@rospa.com)

## Benefits to client

Delegates can receive training and be put through the RoSPA Advanced Test within a week, which is advantageous if a swift qualification is required.

## Duration

4 days

## Location

Training can be undertaken at customers' premises or at a mutually agreed location.
