

RoADTest

► Course objectives

The RoSPA Occupational Advanced Driving Test (RoADTest) is the only test designed specifically to meet the unique needs of business drivers and sets the benchmark standard for 'at work' driving.

Objectives of the RoADTest:

- Benchmarked standard in line with RoSPA Advanced Driving Test
- Tests driver knowledge, ability and hazard perception
- Reinforces training messages over a longer period of time
- Delivered by appropriately trained and selected trainers
- Ensures a minimum standard
- Potentially lower insurance premiums
- Drivers have the tools for their job
- Job satisfaction

► Who should attend?

Anyone who drives for work purposes.

► Additional information

All delegates should be familiar with the latest edition of The Highway Code.

This course is available in a range of vehicle types, and is now available as a Driver CPC.

This course runs on a 2:1 delegate to trainer ratio. (This ratio may vary depending on vehicle type.)
