

The Original Driver Development course

► Course objectives

This course has been designed to assist drivers in developing a positive driving attitude, to develop a correct and systematic approach to minimising risk in the driving environment, and to promote understanding of the principles of defensive driving.

On completion of this course, delegates should:

- Understand how personal factors can affect performance
- Understand the principles of defensive driving
- Develop a risk assessment approach to driving hazards
- Develop new skills and enhance existing ones
- Reduce their crash risk

► Who should attend?

The course is aimed at anyone who drives for work purposes.

All delegates should be familiar with the latest edition of the Highway Code.

► Additional information

This course is available in a range of vehicle types.

It runs on a 2:1 delegate to trainer ratio (may vary depending on vehicle type).

The course is now available as a Driver CPC option.

CPC Drivers must bring BOTH parts of their driving licence to the course. Drivers with the old style licence must bring this along with photo ID.

Benefits to client

As well as ensuring the safety of the employees who drive for work, the client should notice:

- Fewer and lower accident repair costs
- Less down-time due to maintenance, repairs and injuries
- More reliable vehicle scheduling
- Savings on fuel, tyres and spares
- Enhanced company image

Accreditations

This course is Driver CPC approved and accounts for 7 hours.

BTEC from edexcel

Delegates can upgrade to a BTEC Level 2 Award in Driver Development.

Duration

Full day – 2:1 ratio

Full day – 1:1 ratio (2 half day sessions)

Location

Training can be undertaken at customers' premises or at a mutually agreed location.
