

## ROSPA PLAYSAFETY TRAINING

*“Get the protection of RoSPA around you”*

**ROSPA**  
The Royal Society for the  
Prevention of Accidents

# Welcome to *RoSPA PlaySafety*

## OUR TRAINING

RoSPA offers a variety of training courses suitable for:

- Park and Recreation Managers
- Leisure Managers
- Planners
- Inspection Staff (including volunteers)
- Environmental Health Officers
- Parks and Recreation Staff
- Grounds Supervisors
- Indoor Play Area Operators
- Landscape Architects and Site Designers

Courses are run at various locations throughout the UK. Alternatively courses can be run on client' premises and tailored to meet clients' specific needs.

To maintain a high standard of delivery, courses are designed for a maximum of 15 individuals.

Courses which include an RPII exam have a lower maximum number, depending upon exam to be taken.

Attendees receive a RoSPA certificate of training. Where an RPII exam is part of the course, delegates will also receive (subject to passing the exam) membership of the Register of Play Inspectors International (RPII) at the appropriate level.

## SPECIFIC COURSES

All courses are one day unless otherwise noted.

### *Routine Inspection and Maintenance*

Aimed at those undertaking regular inspections. RPII exam (Level 1) can be included in this course for an extra fee.

# “Get the protection of **RoSPA** around you”

## Operational Inspection and Maintenance (Two Day)

Aimed at Operational Inspectors, Park and Recreational Managers, Leisure Managers and EHOs. RPII exams (Level 2) can be included in this course for an extra fee and require a third day.

## Design and Planning Course

One day course on principle design and location issues with play safety. Aimed at Planners, Landscape architects and play area designers.

## European Standards Course (Two Day)

Explores EN1176 and EN1177

## Wheeled Sports Courses

Aimed at those who inspect and maintain skateboard facilities, BMX tracks, etc.

## Equipment Maintenance Courses

Practical “hands on” one day course, on clients premises, for maintaining their play equipment.

## Indoor Play Area Inspection Course

One day course covering operation, inspection, maintenance and management of indoor play areas, aimed at operators and EHOs. This course can be combined with our inspections.

## Managing Litigation

Aimed at Managers and focuses on measures to help reduce the risk of successful litigation.

## Risk Assessment

Concentrating on the principles of Risk Assessment concerning children’s play areas.

## Water Safety Course

This course looks at aspects of inland water safety; including paddling pools, streams, ponds, lakes and rivers.
