

# IOSH Managing Safely Re-certification

## ► Course objectives

The aim of this course is to refresh delegates with respect to important aspects of the material from the IOSH Managing Safely course.

The course will bring delegates up-to-date with changes in, for example, legislation, HSE guidance, British and other standards.

It will provide delegates with awareness, knowledge and skills beyond those covered in the standard IOSH Managing Safely course.

## ► Who should attend?

This course is intended for delegates who have obtained the IOSH Managing Safely certificate within the last four years, and require an update of information and test of knowledge.
