

# NEBOSH National Diploma in Occupational Health and Safety

## ► Course objectives

This course aims to prepare delegates for the NEBOSH Level 6 Diploma examinations and to provide health and safety professionals with the knowledge required for the wide variety of risks faced at work.

All delegates who attend the course and successfully complete the course assignments and examinations will be awarded the National NEBOSH (Level 6) Diploma in Occupational Safety and Health.

## ► Who should attend?

Health and safety practitioners who wish to gain a professional qualification, which provides a route to chartered membership of IOSH.

Delegates will be provided with a pre-course workbook and will be expected to read through and start completing the workbook prior to the first unit.

## ► Further information

There is one written assignment and one exam per unit.

Delegates will need to have successfully completed one of the following:

- NEBOSH National General Certificate (post-2003)\*
- NEBOSH National Construction Certificate (post-2004)\*
- TUC Certificate in Occupational Safety and Health (minimum of 16 credits at level 3)
- Level 3 N/SVQ in Health and Safety in the Workplace

\*Students who obtained their awards prior to these dates may still enter as long as they can demonstrate professional development.
