

# FAST FORWARD

In association with

**If you could see the future, you wouldn't take risks with asbestos today**

The fatal effects of asbestos exposure can lie dormant for 40 years.

If you do accidentally disturb asbestos-containing materials:

- stop work immediately
- move everyone away from the area
- do not remove equipment or materials
- close, seal or lock off the area
- put up warning signs
- report it
- call a specialist contractor to clean up

## WORKING TOGETHER TO BEAT OCCUPATIONAL CANCER

IOSH, the Institution of Occupational Safety and Health, is campaigning to stop thousands of untimely deaths due to work-caused cancer.

The National Federation of Roofing Contractors Ltd, along with other forward-thinking businesses, has pledged its commitment to managing harmful exposures.
