Fleet Drivers

- 1/3rd of all road crashes involve someone who drives for work
- More employees killed in “at work crashes” than in all other occupational accidents
- Not only commercial drivers at risk also people who drive their own vehicles for work purposes
Occupational Road Risk

- Scottish Government recognise that driving at work is higher risk
- Guidance in place
- Support mechanisms available
- Annual check of documents
- E-learning module for all staff
Driver Certificate of Professional Competence

- Introduced by European Union - affects bus, coach and lorry drivers
- Existing drivers will not have to pass initial qualification but will have to take periodic training.
- Brought in 2009 – 3 year window
Fife Fleet Drivers

Fife Road Safety working in partnership with:

- Taxi Licensing Board
- Health Professionals
- RAF Personnel
- BSkyB Staff
Objectives

- Highlight the risks of driving for work
- Encourage employers to adopt management of road risk policies
- Promote training for both professional drivers and those who drive for work even those who simply attend meetings.
How can your business help?

- Put a driving policy in place
- Under Health and Safety Regulations this is a legal requirement
