

National Diploma in Advanced Driving Instruction

Course objectives

This course has been designed for those who wish to provide training for candidates in preparation for the RoSPA Advanced Driving Test, and those who wish to operate as advanced driving instructors, both in the classroom and on-road within the fleet industry.

This course aims to provide delegates with the core skills necessary to demonstrate advanced driving techniques and methods of instruction.

By the end of the course, delegates should be able to:

- Demonstrate effective classroom management techniques, teaching aids and presentational skills
- Explain facilitators and barriers to learning
- Demonstrate their ability to give instructional commentary on all types of road and environment
- Suggest methods of providing remedial help and advice, and monitoring the effectiveness of interventions
- Prove their instructional ability through theory, practical and classroom examinations

Who should attend?

This course is ideal for those who wish to develop their ability to deliver advanced driver training both in the classroom and on road. It is also suitable for those providing training to prepare drivers for the advanced test.

Duration

Five day course.

Location

This course takes place at various locations around the UK.

Additional information

A detailed knowledge of Roadcraft and the Highway Code is essential, and a course prerequisite. An awareness of instructional techniques would be beneficial. A basic knowledge of car mechanics, similar to that gained from an owners' manual, is necessary.

Delegates must have achieved Gold or Silver in RoSPA's Advanced Test, or Gold in the RoADTest, or equivalent qualification.

An ADI Qualification may be necessary to deliver training in car.

accidents don't have to happen

Benefits to client

- DVSA Approved
- Can be used to gain entry onto the DVSA Fleet Register
- Can be used to gain a BTEC qualification
